Minister for Health ,
Fort St.George ,Madras .

ASSISTANT SECRETARY 20130 6 MAY 1952 HEALTH DEPARTMENT

Sub:- Medical Institutions -Government Head Quarters Hospital,Mangalore -South Kanara District -Housing of the Indian Medical Association ,South Kanara Branch ,and Membership of the President on the Advisory Committee

Ref:- Letter No.57152 H./51-2 .Health ,dated Fort St. George ,Madras ,the 28th.March 1952 — B/17-18

1 I have herewith forwarded copies of the Resolutions passed by the Executive Committee of our Association at its meeting held on 26th.April 1952 on the above subjects .On behalf of the Association ,I request that the question of housing the Association in the District Head Quarters Hospital and nominating the President of the Association to the Hospital Advisory Commite be reconsidered by the Government and favourable orders passed .

2 I have enclosed herewith copies of our former resolution and of my letter No.42/51-52 dated 16.11.51 for your kind perusal

3 We learn that at Calicut , the Association has been permitted to be located in the District Head Quarters Hospital there . As per the resolution of the executive Committee ,I have already written to the Hon.Secretary there to enlighten us as to how they managed to get favourable orders . On receipt of his reply , our request will be reiterated.Meanwhile ,I have to bring to your kind notice the benefit the members will get especially in clinical knowledge by allowing the members in the hospital premises as also the advantage of meeting other members in the reading room and library located in the Hospital for dis--cussion on professional matters will be great . Afterall

2

members meet in the premises not for recreation but to benefit themselves and gain knowledge . I have also to add that most of the members are busy with their professional work and find little time to devote to recreation . I can also assure you tha the premises will not be used as a club for playing at cards et

4 Regarding the nomination of the President of the Associati to the Hospital Advisory Committee ,the Association being a responsible and representative body of professional men ought t be given a representation in the Hospital Advisory Committee. The members of the Association hail from all the parts of the District and they have ample opportunities to know about the needs of the population and as such will have much to contribute as suggestions and advice for the improvement of the Hospitals. The Association will be deprived of its representation on all matters concerning the Hospital ,if it is not represnted in the Advisory committee nor will it know what all improvements are being done in hospitals for the benefit of the patients . The Government too will be deprived of the opportunity to get first hand information and advice from the professional men of the District .

B/18cf

5 From the reply recieved from the Government ,we find that the 'request of the Association in the form in which it is placed before them ' cannot be complied with ,though it is observed 'that there is provision in the rules for the nomination of nonofficial members for nominating a public spirited person re-representing the Medical Association or a member of the independent medical profession ' . In case ,the Government feels the form of the request is not proper ,it may suitably modify the orders to suit the Government and if the President of the Association ,who represents the medical association and the medical profession cannot be nominated ,atleast one of the committee members of the Association be nominated to the Advisory Committee .Even if this is not possible ,atleast the association be consulted while making the nomination of a non-official member representing the medical profession ,and preferably a member of the Association be nominated .

6 In conclusion ,I request that the two questions raised again be favourbaly considered by the Government .

Yours faithfully,

Hon.Secretary ,S.K.Branch of IMA,
Mangalore,S.K.

HEALTH DEPARTMENT
Letter No. 52152/H/51-2 Health

From

Sri S.R.Kalwar, I.C.S.
Secretary to the Government of Madras

To

The Honorary Secretary
The Indian Medical Association
South Kanara Branch
Post Box Office Box No.6, Mangalore 3.

Dated .Fort.St.George the 28th.March 1952

Sir,

Sub:- Medical Institutions -Government Headquarters Hospital ,Mangalore -South Kanara District Housing of the Indian Medical Association ,South Kanara Branch ,and membership of the President on the Advisory Committee

Ref:-Your letter No.42/ 51-52,dated 16-11-51

The Indian Medical Association ,South Kanara Branch , have requested the Government to allow suitable accommodation in the new buildings of the District Headquarters Hospital,Mangalore, for the District Branch of the Indian Medical Association for its activites .The Government have not accepted any liability or obligation to provide accommodation for the Indian Medical Associa-tion either in the Hospitals or in other Government buildings at their disposal . The District Medical Officers in some districts have been allowing the local branch of the Indian Medica Association to hold their meetings in the hospitals when such meetings could be arranged without prejudice to the work in the hospital concerned ;While there is no objection to such informal arrangements being continued ,the Government cannot accept such consent by their local Officers as imposing any obligation on them to provide accommodation for the Association to carry on its activites .It is therefore regretted that they are inable to comply with the request of the Association

2. The Association has also made a request that the President of the Association should be nominated a member of the Advisory committee of the District Head Quarters Hospital ,Manga--lore/. The non-offical members of the Advisory committees are appointed by name ,and not with reference to any office held by

them ,for a term of three years ordinarily unless the Governmer specify otherwise in their order nominating themember Government regret that it is not possible to comply with the request of the Association in the form in which it has been placed before them .But they observe that there is a provision in the rules for the nomination of nonofficial members for nominating a public spirited person representing the Medical Association or a member of the independent medical profession

HEALTH DEPT.(H2)

Sub: Medical Institutions - Govt. Headquarters Hospital, Mangalore - South Kanara Branch - Housing of the Indian Medical Association, South Kanara Branch and membership of the President on the Advisory Committee.

Letter from the Hony.Secretary, S.Kanara Branch of the Indian Medical Assn., dated 1st May 1952.

MEMO NO. 20130 H/52-1 Health Dt 23.5.52

Referred to the D.M.S. for very early remarks. He is requested to report in how many places the local medical associations have been provided with accommodation in the District Headquarters Hospitals.

2. As regards the request for the nomination of a member of the Association as a non-official member of the Advisory Committee of the Government Headquarters Hospital, Mangalore, it is considered that nomination should be on the merits of each case and it should be left to the discretion of the D.M.S. to recommend to Government such nomination. It may be

P.T.O

a convention that in submitting proposals to Government for nomination of members to the Hospital Advisory Committees he will propose either the President or some other member of the local branch of the Indian Medical Assn. in consultation with them. The D.M.S. is requested to offer his remarks on this proposal.

Submitted with the previous papers at (B)

2. The South Kanara Branch of the Indian Medical Association requests reconsideration of the decisions conveyed in Govt. letter No 57152 H/51-2 Health dt 28.3.52. The two requests of the Assn. have been examined in detail in the notes on pp 1-5 of (B)

3 Housing of the Assn. in the Dt. Headqrs. Hospital, Mangalore.

The case of the Koshikoge Branch of the Indian Medical Assn. is still under consideration. Its requests are that accommodation may be made in the new hospital buildings under construction at Koshikoge for holding meetings of the Assn. or that it might be allowed to purchase the hall in the old Headqrs. Hospital buildings built out of public subscriptions, where meetings of the Assn were being held. The reasons given in para 3, pp. 1-2 of do not seem to justify a reconsideration of the decision in para 1 of the letter ord. 17 of (B). For orders.

VR
12/5/52

2. Membership of the Assn. on the Hospital Advisory Committee

It does not seem that the Assn. has made out a case in para 4 & 5 on p. 2 of for a reconsideration of the decision communicated with in para 2 of the letter ord. 17-18 of (B)

Submitted for orders.

Mir
12.5.52

VR
12/5/52

AS (H)

13/5/52

The medical profession is an independent profession. Ordinarily there are more medical men practising on their own than medical men who are job-~~seekers~~ holders or salaried employees under the Govt. It is not always possible for the Indian Medical Association to see eye to eye with the Govt. on many matters. It would be embarrassing, for example, for a meeting to be held in the hospital premises if the subject for discussion is, say, some local dispute between the Superintendent of the Hospital and certain classes of Hony. Medical Officers. It would also be embarrassing if similar subjects such as the facilities provided or any differences of opinion between the local officers or the Govt. and the Indian Medical Association, had to be aired in the hospital premises. It would not be conducive to hospital discipline, particularly nowadays, when there is sufficient adverse propaganda taking place in the lower ranks of public services.

2. The Kozhikode case can be distinguished in that the particular hall was put up by public donations or subscriptions.* No such consideration arises in Mangalore. It is not possible for Govt. to undertake commitments to provide accommodation for an independent Association like the Indian Medical Association. If we do this similar requests from other Technical Associations may also arise and the Govt. may not always be able to deal with all of them in the same uniform way.

file in legal

*But even there legal have advised us right can be claimed.

3. As regards the Membership of the Hospital Advisory Committee, ~~I have no personal~~ there need be no objection to a convention being established that the D.M.S. normally proposes the President or some other member of the Indian Medical Association branch in the locality as a Member of the Committee. It is quite possible that in a particular local branch a distinguished Surgeon or Physician might hold the office of the President of the local

branch for, say, ten or twelve/or fifteen years. In such cases the Govt..should be at liberty to have fresh blood imported into the Hospital Advisory Committee instead of making a particular seat a closed preserve of any particular individual. But occasions may arise when due to differences of opinion or differences of policy or outlook, ~~it~~ it may not be possible to have a member of the medical ~~profession~~ association on the Advisory Committeee. The Govt. should have a certain amount of discretion in these matters. Once we start giving representation to any particular Medical Association we may get similar requests ~~for~~ from, say, the Hony. Medical Officers' Association or Hospital Workers' Unions etc. etc. Govt. must set their face against the Advisory Committees being converted into a cock-pit for airing conflicting outlooks or ideologies.

4. Circulated for orders.
